Word Password Unlocker Crack + Keygen Full Version

Word Password Unlocker 2022 Crack is a cross-platform application that can help you recover lost passwords from DOC and DOCX files. The user interface is simple, and it doesn't take a lot of time to get used to working with this tool. Unfortunately, you cannot drag and drop the documents directly into the main window, so you should use the built-in browse button. Word Password Unlocker Torrent Download provides three different modes for helping you recover passwords, namely Brute-force attack, Brute-force with Mask attack and Dictionary attack. The first mode tries all the possible combinations randomly until it gets the right password, and it is recommended to be activated in case the password has a short length and low complexity. Obviously, if the password has many characters, the number of possible matches will increase, and it might take some time until the application manages to recover the password. You can opt for the second recovery mode if you still remember some parts of your passwords. It is possible to specify the minimum and maximum length of the password, select the character set, and provide the start or end of the password. The last recovery mode is able to seek the possible password combinations from a Notepad file. You can create a list with the characters that are frequently used when creating passwords, such as name, birthplace, birthday and others, and then upload the file to the list. This way, you can increase your chances of recovering the password. The log window can give you details about the events and possible errors. It also offers time estimation for completing the job. By enabling the auto-saving feature, the program will save the passwords at a specified period of time. Word Password Unlocker has been tested on Windows 10, Windows 8.1, Windows 7, Windows Server 2008, Windows Vista, Windows Server 2003 and Windows XP. LockWord Password Unlocker is a powerful password recovery software which can help you remove the password from any DOC, DOCX, RTF, TXT, HTML or text file on your Windows operating system. It is absolutely free to use and requires absolutely no installation. The application supports the following file types: DOC, DOCX, RTF, TXT, HTML, PPT, TXT and PRT. It can even unlock files that were encrypted with Windows 7 Password Protection. LockWord Password Unlocker Features: - Bring back the lost password to any kind of document, email, invoice, receipt, text, presentation, HTML and archives. - Reset the password to certain levels, including the 09e8f5149f
